

The Empire State Building

The EVENT PUZZLE is not like any other puzzles; it is performative and an interaction with HQ. This EVENT, in particular, is akin to a D&D game containing puzzle aspects; many of the mechanisms inside will require your imagination to explore and solve the “world” we build. You will be able to make choices, as a team, to walk around the room, search, look at, pick up, move items, etc.

THE GOAL:

- *Ascend to the top of the EMPIRE STATE BUILDING, tackling the puzzles, level by level.*
- *Have fun with your friends! (hopefully your entire team)*

THE LOGISTICS:

*When your team is ready to tackle this puzzle, **use EVENT as the answer for this puzzle (puzzle code: 4)**, and we will email you a zoom room, and then call you to make sure the time works. **By our calculations, this event should take about one hour.***

*We are running this event as a **SOFT REQUIREMENT** to enter into META 3. The requirement will only be “softened” if we, the HQ, cannot act upon your EVENT request within 15 minutes of your submission, we will honor your time and give you the password for META 3, and hopefully run the event with your team at a later time in the hunt.*

If the event runs into non-HQ-hours, we will stay online with you.

If multiple teams are calling for the EVENT within a reasonable time period, we will merge the call into one big, collaborative solve :)
